

PRESIDENT:
Matthew Becker

Hello SHRM Learning System Champion ~

Congratulations!

We are pleased to inform you that your chapter is being awarded 2017 SHRM Learning System Champion status.

What does it mean to be a SHRM Learning System Champion?

The competency-based SHRM-CP® and SHRM-SCP® credentials are the new global standard in HR certification. These credentials are among the first HR certifications focused on teaching and testing the practical, real-life information HR professionals need to advance their organizations, and excel in their careers today, including knowledge, skills, and behavioral competencies.

The SHRM Learning System Champion status is a recognition of your chapter's hard work to elevate the HR profession through professional development and HR knowledge among members, gained from SHRM certification. SHRM created this prestigious distinction in support of its premier educational product. This status also helps to promote the HR profession at the local level by using the SHRM Learning System® for SHRM-CP/SHRM-SCP.

SHRM Certification has strong momentum as we continue to see growth in the number of people who are SHRM certified, employer awareness and job postings citing SHRM certified as preferred or required qualifications, and growth across the country in SHRM chapters promoting SHRM certification to their members. Attached for your review are the statistics on the current state of the SHRM Certifications, and the numbers are quite impressive.

We know that your chapter's support of SHRM's Certification is an integral part of our success and we thank you for all that you have done to elevate the HR Profession! The SHRM Learning System Champion Recognition is our way of publicly thanking your chapter for promoting and supporting SHRM's Certification to your members. Please know that we appreciate all that you do to support SHRM, the HR Profession, and our Education Partners offering SHRM Certification Preparation programs.

Again ~ ***Congratulations!***
